

Timeline & Deadlines

July 1, 2022 RPA Deadline

Applicants must have **submitted all Requests for Public Assistance (RPAs)** to FEMA via the Grants Portal system no later than July 1, 2022.

FEMA Regional Administrators (RAs) were authorized to extend the July 1, 2022 RPA deadline for a potential Applicant up to 90 days (September 29, 2022) with written request.

July 1, 2022 Work Completion Deadline (100% Fed. Share Reimbursement)

FEMA has established a work completion deadline of July 1, 2022 for **eligible work performed and items used from the beginning of the COVID-19 incident period (January 20, 2020) through July 1, 2022** at 100% federal cost share.

Dec. 31, 2022 Project Application Submission Deadline 1

By December 31, 2022, Applicants must have **submitted to FEMA all Project Applications for work performed through July 1, 2022.**

The FEMA RAs may extend the December 31, 2022 Project Application submission deadline up to 90 days (March 31, 2023) with written request.

May 11, 2023 Work Completion Deadline (90% Fed. Share Reimbursement)

FEMA will apply the 90% federal cost share to funding for all eligible costs for work performed and items used **from July 2, 2022, through May 11, 2023.**

Eligibility of all emergency work and associated costs for the COVID-19 declarations ends on May 11, 2023. Costs incurred for work performed under COVID-19 declarations after May 11, 2023, are not eligible for PA funding, notwithstanding costs allowed for under Section A.3 (demobilization, disposition and disposal).

Aug. 9, 2023

(Extended) Deadline for Demobilization, Disposition, and Disposal Activities

FEMA has approved an extension to the emergency work period of performance for **demobilization, disposition, and disposal activities after the completion of eligible emergency work** from the end of the emergency work completion deadline on May 11, 2023, for a period not to exceed 90 days (August 9, 2023).

FEMA Regional Administrators (RAs) may extend this deadline for an additional 90 days (November 7, 2023) with written request.

Nov. 7, 2023

Project Application Submission Deadline 2

By November 7, 2023, applicants must submit to FEMA **all Project Applications for work performed from July 2, 2022 through May 11, 2023.** This includes Project Applications for work performed for demobilization, disposition, and disposal activities.

FEMA RAs may extend the Project Application submission deadline up to 90 days (February 5, 2024) with written request.

May 6, 2024

Closeout Deadline for All Projects

Recipients must **submit project closeout documentation to FEMA for all work performed for COVID-19 declarations, by May 6, 2024.**

FEMA RAs may extend deadlines for up to 90 days (August 5, 2024) with written request.

May 11, 2025

Deadline to Claim Management Costs

All applicants may **claim management costs incurred up to two years from the close of the incident period.**

Applicants may request a time extension for submitting management costs based on specific extenuating circumstances.

The RA may extend deadlines for submission of management costs, not to exceed the deadline for the prime award period of performance.
